EDUCATION

Motilal Nehru National Institute of Technology, India B.Tech	2022 - Expected May 2026 CPI: 7.77
Omkarananda Saraswati Nilayam, India Intermediate Indian School Certificate	2021 - 2022 Percentage: 94.5
Omkarananda Saraswati Nilayam, India Matriculation Indian Certificate of Secondary Education	2019 - 2020 Percentage: 96.6

WORK EXPERIENCE

Lossfilter Software Developer Intern	August - September, 2024
– Developed robust microservices using Spring Boot, adhering to secure coding principles and software development lifecycle (SDLC) best practices. – Collaborated within an Agile engineering team to analyze requirements, design technical features, and seamlessly integrate backend APIs into the Next.js frontend using Swagger. – Debugged and systematically addressed software issues, executing tests to ensure high reliability and scale in production-grade user flows. – Participated actively in code reviews via Bitbucket, addressing feedback to write functional, clean code and improve overall software development processes.	

PROJECTS

Dedundesk - Expense Tracker and Budget Management WebApp

- Built a full-stack financial application utilizing **Next.js**, optimizing backend API routes and Server Actions for scale, reliability, and velocity.
- Implemented secure coding practices by integrating **Clerk** for robust authentication and authorization, safeguarding sensitive user financial data.
- Engineered complex data architecture using **Prisma ORM** and **PostgreSQL**, writing clean code to aggregate historical data efficiently.
- Performed rigorous debugging and troubleshooting throughout the development lifecycle to deploy a highly responsive UI with **Tailwind CSS** and **Recharts**.

Portals - Real-time Collaborative Whiteboard

- Engineered a high-performance collaborative whiteboard, applying knowledge of networking protocols (WebSockets) via **Liveblocks** for real-time, low-latency state synchronization.
- Demonstrated strong problem-solving skills by architecting a full digital canvas with undo/redo capabilities, leveraging **Convex** for a reactive backend infrastructure.
- Secured data exchange and workspace access control using **JWT tokens**, ensuring compliance with secure communication and identity management standards.
- Executed comprehensive unit testing and debugging to stabilize concurrent user interactions, sharing learnings to continuously improve application velocity.

TECHNICAL SKILLS

• Languages: C/C++, JavaScript, TypeScript, JAVA, SQL, HTML/CSS • Frameworks & Tools: React.js, Next.js, Node.js, Spring Boot, Tailwind CSS, Prisma, Git, Vercel, Swagger • Domain Knowledge: Agile Methodologies, Secure Coding Principles, SDLC, Debugging & Troubleshooting • Preferred Qualifications: AI Tools & Methodologies (Agentic AI, RAG, Prompting), Networking Protocols (WebSockets, HTTP), Embedded Systems Concepts
--

ACHIEVEMENTS

1st Position Springfest	Bran-D competition held under Springfest, IIT Kharagpur	2024
1st Position Springfest	Bran-D competition held under Springfest, IIT Kharagpur	2023
1st Position Chitasangam	Cinegraphic Dreams held under Chitrasangam	2023
1st Position - Culrav	Sales Pitch held under the Cultural fest of MNNIT	2024

POSITIONS OF RESPONSIBILITY

Festival Secretary, Culrav-Avishkar 2025:	Oct 2024 - Dec 2025
Exhibited excellent communication and teamwork abilities by executing MNNIT's annual techno-cultural fest, managing a core team of 50+ coordinators.	
Mentor, Student Mentorship Program (SMP):	Oct 2023 - May 2026
Collaborated with and mentored 50+ students regarding academic challenges, fostering a culture of continuous improvement and problem-solving.
